

# Chicka Chicka Boom Boom - Funky Version

(Downloaded from I-Tunes)

## Sign Language ABC Routine

Choreographed by Kathy Wagner

Wichita Collegiate School, Wichita, KS

Students face the teacher and are told to sign with the hand that feels the most comfortable to them. The teacher should do the same. Even if most children are right handed, the teacher should sign with her dominant hand. The teacher may mirror the students in direction of body movements but should maintain the same signing hand.

Option for extra music at end of dance - lay sign language alphabet cards around on floor behind the group of children and have them move around to the various cards and do the hand position for each letter
