

**Challenge Unit**

**Final Challenge: Bails' class vs. Meling's class**

Total Students Involved	Directions	equipment needed
8	<p><b>Stage 1: Parachute Fling</b></p> <ul style="list-style-type: none"> <li>• Each group will have 2 to 4 students.</li> <li>• The students from the same class will work together to fling stuffed animals to their designated target area.</li> <li>• The groups should each get one parachute.</li> <li>• Groups will stand in the middle (equal distance to the side walls). Animals should be placed next to the wall on one side of the gym. The designated target area should be on the opposite side of the gym from where the animals are.</li> <li>• Groups can retrieve on animal at a time, go back to the spot where they can fling and using their parachute they should try to fling the animal in there designated target area. If they miss the target area, they must go get the animal, bring it back to their spot and try again. When a group successfully flings an animal in their target area, they can then retrieve another animal. Groups must hang onto the parachute and run together to retrieve the animals.</li> <li>• After the group has flung all their animals into their target area they must work together as a group to do 50 jumping jacks – counting out loud together.</li> <li>• The group must work together to complete the matching activity to get permission to open the puzzle box.</li> <li>• When the puzzle box is opened, each student must take one puzzle piece and bring it to the designated puzzle piece area for their team. The puzzle piece must be placed face down in a pile (on top of the other puzzle pieces)</li> <li>• <b>**students must jog, jump, etc... in place after their stage is complete. If at any time a student is not moving the teacher will blow their whistle and as a result all the students participating on that team will have to delay their game by stopping and doing 5 push-ups before anyone on that team can continue.**</b></li> </ul>	<p>2 parachutes (1 for each group)</p> <p>16 animals (8 per group)</p> <p>4 puzzle pieces for final puzzle stage (8 total)</p>
8	<p><b>Stage 2: Ping Pong Relay</b></p> <ul style="list-style-type: none"> <li>• Each group will have 4 students.</li> <li>• Each student has to bring a ping pong ball to their team's designated towel. When the student sets the ping pong ball on top of the towel they need to make sure the ball stays. If it rolls off, they need to go back and fix it before they can bring down another ball.</li> <li>• You can only bring down one ball at a time.</li> <li>• After all 4 students in the group put their ping pong balls on the towel, all 4 students must complete 50 jumping jacks together counting out loud as a group.</li> <li>• Next, all 4 students must work together to complete the matching activity to get permission to open the puzzle box.</li> <li>• When the puzzle box is opened, each student must take one puzzle piece and bring it to the designated puzzle piece area for their team. The puzzle piece must be placed face down in a pile (on top of the other puzzle pieces)</li> <li>• <b>**students must jog, jump, etc... in place while waiting to participate in their stage and after their stage is complete. If at any time a student is not moving the teacher will blow their whistle and as a result all the students participating on that team will have to delay their game by stopping and doing 5 push-ups before anyone on that team can continue.**</b></li> </ul>	<p>16 ping pong balls per group (32 total)</p> <p>3 large towels</p> <p>4 puzzle pieces for final puzzle stage (8 total)</p>
8	<p><b>Stage 3: Ping Pong Ball Word Scramble</b></p> <ul style="list-style-type: none"> <li>• Each group will have 4 students</li> <li>• Students must run down to their team's towel and retrieve one color of ping pong balls each.</li> <li>• Each student brings back their ping pong balls and unscrambles their word (each colored set of ping pong balls is a word.)</li> <li>• The group then works together to put the words in the correct order to make the phrase complete.</li> <li>• Next, each student has to run their colored ping pong balls back down to their team's towel and set them up. Students can only run one ping pong ball down at a time.</li> <li>• Ping pong balls must line up on the towel so the phrase reads: <u>PJH Titans Rock it!</u></li> <li>• Once the phrase is complete and on the towel, all 4 students in the group must complete 50 jumping jacks together, counting out loud as a group.</li> <li>• Next, all 4 students must work together to complete the matching activity to get permission to</li> </ul>	<p>Use the ping pong balls from stage 2.</p> <p>4 puzzle pieces for final puzzle stage (8 total)</p>

	<p>open the puzzle box.</p> <ul style="list-style-type: none"> <li>When the puzzle box is opened, each student must take one puzzle piece and bring it to the designated puzzle piece area for their team. The puzzle piece must be placed face down in a pile (on top of the other puzzle pieces)</li> <li>**students must jog, jump, etc... in place while waiting to participate in their stage and after their stage is complete. If at any time a student is not moving the teacher will blow their whistle and as a result all the students participating on that team will have to delay their game by stopping and doing 5 push-ups before anyone on that team can continue.**</li> </ul>	
12 to 16	<p><b>Stage 4: Ball Toss</b></p> <ul style="list-style-type: none"> <li>Students will be in a group of 6 to 8 (depending on overall class size)</li> <li>Each student gets one ball.</li> <li>Students must shoot from behind the toss line.</li> <li>Each time a student makes a basket they need to pick up a popsicle stick.</li> <li>Each group needs to keep shooting until they have made enough baskets to collect all 48 of their popsicle sticks.</li> <li>Working together as a group students need to put their popsicle sticks in rainbow color order and then unscramble the phrase (each color is a different word). <u>Papillion (9) Junior (6) High (4) Physical (8) Education (9) Challenge!!! (12)</u></li> <li>Students need to complete 50 jumping jacks together, counting out loud as a group.</li> <li>Next, all 4 students must work together to complete the matching activity to get permission to open the puzzle box.</li> <li>When the puzzle box is opened, each student must take one puzzle piece and bring it to the designated puzzle piece area for their team. The puzzle piece must be placed face down in a pile (on top of the other puzzle pieces)</li> <li>**students must jog, jump, etc... in place while waiting to participate in their stage and after their stage is complete. If at any time a student is not moving the teacher will blow their whistle and as a result all the students participating on that team will have to delay their game by stopping and doing 5 push-ups before anyone on that team can continue.**</li> </ul>	<p>16 small foam balls</p> <p>96 popsicle sticks</p> <p>8 puzzle pieces for final puzzle stage (16 total)</p>
8	<p><b>Stage 5: Cup Stacking Relay</b></p> <ul style="list-style-type: none"> <li>Each group will have 4 students</li> <li>Each student must run and get their assigned color of cups and bring it to the stack line. Students can only take one cup back at a time to the stack line at a time.</li> <li>Once all the cups are brought to the stack line then the entire group of 4 should work together to stack the cups into a perfect pyramid. If the cups fall down, the group will need to fix it. (hint: there should be 8 cups on the bottom to start to form a perfect pyramid ending with 1 cup at the top).</li> <li>Once the pyramid is complete students need to complete 50 jumping jacks together, counting out loud as a group.</li> <li>Next, all 4 students must work together to complete the matching activity to get permission to open the puzzle box.</li> <li>When the puzzle box is opened, each student must take one puzzle piece and bring it to the designated puzzle piece area for their team. The puzzle piece must be placed face down in a pile (on top of the other puzzle pieces)</li> <li>**students must jog, jump, etc... in place while waiting to participate in their stage and after their stage is complete. If at any time a student is not moving the teacher will blow their whistle and as a result all the students participating on that team will have to delay their game by stopping and doing 5 push-ups before anyone on that team can continue.**</li> </ul>	<p>72 stacking cups</p>
8	<p><b>Stage 6 (final stage): Puzzle Relay</b></p> <ul style="list-style-type: none"> <li>Each group will have 4 students.</li> <li>Students must complete 50 jumping jacks together as a group, counting out loud.</li> <li>Students must work together to complete the matching activity to get permission to open the remaining puzzle pieces from the puzzle box.</li> <li>Students should place those puzzle pieces in the designated puzzle area.</li> <li>Next, students must take one puzzle piece at a time up to their team table on the stage (each student should bring 7 puzzle pieces each up to the stage).</li> <li>Once all the puzzle pieces are on the stage, the group must work together to complete the puzzle. The puzzle pieces are colored, with each color being a different word. The phrase should read: <u>Best team earns bragging rights!</u></li> <li>**students must jog, jump, etc... in place while waiting to participate in their stage. If at any</li> </ul>	<p>4 puzzle pieces for final puzzle</p> <p>(there should be 28 puzzle pieces all together)</p>

	time a student is not moving the teacher will blow their whistle and as a result all the students participating on that team will have to delay their game by stopping and doing 5 push-ups before anyone on that team can continue. **	
--	---	--

**\*\* The next stage will begin when the previous stage starts working on the matching activity. Students will have to wait to get the official start from their teacher.**

**\*\* We will time each class to see which class has the best overall time and post it.**
